

# Three Part Man

## Appendix F

**We are a spirit, we live in a body and we have a soul.**

**Body:** Our body is our earthly tent or house. It grows old and feeble with time. It will go back to the dust of the ground from where it came. When our body dies, our spirit departs alive and well. After death, those that belong to God will receive a glorified body, one that will not decay or grow old but will live forever.

**Soul:** Our soul is our mind, our will and our emotions. It is the thinking and reasoning part of us. Our soul lives on within our spirit when we leave this earth through death. It is our soul realm that Satan speaks to us through. This is where demonic attacks enters into our minds. Our memory is also a part of our soul. When we die, our memories remain with us as we go into the spirit realm. After we are saved our mind, will and emotions have to come into line with God and His ways. In other words, we have to learn to think like God rather than like this wicked world we live in. This is an ongoing, life long process and takes effort on our part.

**Spirit:** Our Spirit is the real us, our core self. Our personality is a part of it's makeup. Our spirit never grows old. It is the part of us that is regenerated or born-again. It is through our spirit that God communicates with us. If we are born-again, the Holy Spirit dwells in our spirit. Our new born spirit must grow and get strong through spiritual growth.
